## SUMMARY

---

As a proactive Website Maintainer at Intent Interior, I excelled in content updates, front-end development, and bug fixing, showcasing my proficiency in HTML, CSS, and JavaScript. Known for my creative problem-solving and effective communication within distributed teams, I consistently enhanced website functionality and user experience, contributing to a significant improvement in project turnaround times.

## SKILLS

---

- Html
- CSS
- Javascript
- React.Js
- Node.Js
- Bootstrap.

## EXPERIENCE

---

### Website maintainer

Intent Interior

May 2024 - Nov 2024

*Landra Road, Kharar*

- Content Updates.
- Basic Front-End Development.
- Bug fixing.
- Ability to solve problems creatively.
- Comfortable working in a distributed team.
- Ability to communicate clearly in writing, by phone, and in person.

## EDUCATION

---

### Bachelor of Computer Applications

Arni University

June 2021 - June 2024

*Himachal Pradesh*

## LANGUAGES

---

**English** (Intermediate)

**Hindi** (First Language)

## ACTIVITIES

---

- I have maintained and updated website content, including text, images, and media, ensuring that all elements are current and engaging. I also ensured the website's functionality across various browsers and devices, providing a consistent user experience. Additionally, I managed and monitored website uptime, promptly troubleshooting any errors to minimize downtime and maintain smooth operation.

## HOBBIES

---

- I actively learn and experiment with new web technologies like HTML5, CSS3, and JavaScript frameworks, while exploring front-end frameworks such as React and Vue.js. I also focus on testing and debugging websites using tools like Chrome DevTools to enhance performance and functionality.
